

YEAR SIX NEWSLETTER – AUTUMN B

I can't believe we're already halfway through the autumn term! I hope you all had a restful and restorative half term holiday and are back in school ready to learn more.

In maths, we will be building on our knowledge of the four operations and beginning to solve more complex problems involving decimals, fractions and percentages.

Once again, quick recall of times table facts will be essential!

PE is every Friday. Children can come to school in school uniform on this day. Pupils will be learning and developing ball skills and team work by playing netball and football. They will also be taking part in Relax Kids sessions on a Wednesday.

In French, pupils will continue to develop their vocabulary about sports, creating sentences to express opinions.

Our current RE topic is all about vocations and how everyone is called to use their gifts and talents for the good of others.

In December, we will be exploring the idea of expectations, and how Advent is a period of expectation and preparation in the Catholic Church.

In music, pupils will be learning all about Jazz and its defining features.

This half term's Science is all about electricity.

In computing, pupils will be learning about web design.

Our writing focuses this half term are persuasion and autobiographies. We will be reading a range of texts in these genres and starting our new class text 'Holes.'

It is essential that pupils bring their reading book into school every day so that they can read with an adult throughout the week. They should also reading to an adult at home 2 or 3 times a week to check that they are understanding the texts.

In history, we will be learning about conflicts over time and comparing the people, methods and machines involved.

In Art, we will use powerful messages and portraits of significant people to develop propaganda posters. T
