## Self-Evaluation

- The school meets the needs of students effectively. Some pupils are the most vulnerable in society and are often 'hard to reach' - many have the potential for extremely challenging behaviour and yet the outcomes for individuals and groups are exceptional.
- Pupils leave St. Mary's Catholic Primary School with healthier outlooks on life, fully engaged in education and the skills they need for their next steps either in education.
- The school works hard to ensure that work with families, pupils and the extensive range of inter-agency work sustains learning, development and well-being.
- All safeguarding procedures are firmly embedded and all staff are clear about their responsibilities. The school promotes equal opportunities effectively and tackles discrimination at every level.
- The staff pay close attention to care, guidance and support. All the pupils are well known by every member of staff and have high levels of confidence in the school's ability to support, teach and guide them effectively.
