

In Maths, we will be developing our understanding of shapes and statistics. We will also be introducing algebra! Once again, quick recall of times tables is essential so please keep practising.

$$x = \frac{-b \pm \sqrt{b^2 - 4ac}}{2a}$$

P.E is every **Wednesday** and **Friday**. Children will be refining their skills in Hockey and Netball this half term. Please ensure that children wear the correct P.E kit on these days.

In French, the children will continue to use a range of speaking, listening, reading and writing skills to discuss their hometown.

In Music, we will be composing and performing music taking into account the pulse, rhythm and melody. In computing, pupils will be designing, creating and evaluating their own webpages.

Our current R.E topic is UNITY. We will explore believers who respond to God's word and become members of Christ's Body becoming united with him.

We will also prepare for Lent and celebrate Holy Week.

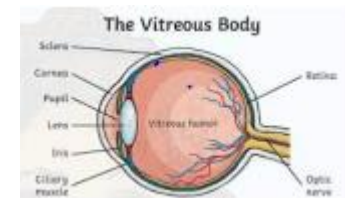

In Geography, we will continue to learn about North America. This term we will study food and farming and also look at how New York has changed over time.

Our writing focus this half term is Explanation texts and Spooky stories. Children will be encouraged to use advanced punctuation choices and advanced punctuation in their work. We will be publishing our spooky stories.

We will continue to read our class text 'Holes' as well as a range of other texts based on these genres.

This half term's science topic is all about light and how the eye sees.

In DT, we will be constructing our fabric mobile phone cases using sewing techniques. We will then evaluate our work.
